Skills summary

Commitment, know-how and assertiveness.

Skilled React developer who is well versed in single page applications (SPAs) development. Adept at working with modern technologies such as Next.js for server-side rendering (SSR), Typescript, Redux, Sass, and backend technologies such as Node.js and databases. In addition, I have previous experience working with Python3 and iOS native mobile applications. All these skills make me the ideal candidate for your next ambitious project.
