WHY I AM THE PERFECT FIT FOR YOUR COMPANY

I have had the privilege of **working with various renowned international companies**, as evidenced by the company logos displayed above.

Currently, I am engaged as a **freelancer with two active clients**. My first client is **58agents GmbH**, an IT consultancy established by former PwC management employees. Here, I contribute as an IT consultant in the realm of software engineering. My second engagement is with **Tytan Technologies**, where we innovate in deep-tech and aviation, crafting cost-effective anti-drone solutions through Robotics & AI and Computer Vision. In this role, I primarily focus on computer vision and machine learning models as an IT consultant for data science.

Furthermore, I excel in acquiring new projects, engaging effectively with clients, and **driving net profit growth** for the organization.

In fact, I am convinced that my **extensive consultancy experience** and **profound technological expertise** make me the ideal candidate for your company.
